Covid19

DON'T WAIT TO VACCINATE

COVID-19 VACCINES:

- Will work toward building your immunity and protect you against developing the disease
- Will dramatically reduce your chances of being infected, the severity of the symptoms, hospitalisation, and death
- Will slow the spread and help stop the pandemic

TO BOOK YOUR VACCINATION:

- <https://www.service.nsw.gov.au/transaction/book-covid-vaccination>
- If in doubt get advice from your doctor as to the right vaccine for you
